

PAWS TO READ WITH NESSIE

A dog in the library? The purpose of a Reading to Dogs Program is to provide children with a comfortable, positive, non-threatening, fun environment to practice their reading skills. The smiles on a child's face and the wagging tail of the dog proves that youngsters of all ages are not only learning to read, they're learning to love to read! Sign up to read to Nessie, a therapy-certified dog!
